

Community Barbeque & Annual Native Tree and Garden plant Auction!

Come and join us for a community barbeque meal in the Waimate North Showgrounds Hall.

We'll provide & cook the sausages, served by 6-00pm.

Please bring your own plate, cutlery, food & drink, for a shared meal and of course a cheque book if you would like some plants.

A chance to obtain quality native species for your property, meet the neighbours and support the work of the Waimate North Landcare Trust.

Kiwi Monitoring

Late May is the beginning of our annual kiwi call monitoring programme.

We would encourage as many members of our community to join us in this project as possible. The work is done in pairs and training will be given.

If you could possibly help us with monitoring our local kiwi population please contact Daryl Way on 09 405 9981 or Phillip Saunders 09 405 9249

DNA Kits

The Trust now have a supply of DNA kits that can be used to identify a dog that has killed a kiwi or if your chooks or sheep have been attacked by a dog. Please contact Daryl Way 09 405 9981

Rats and Mice. Don't forget that if you are putting in a monthly monitoring report look under "monitoring" on our website-waimatenorthlandcare.org.nz or ring for a paper copy.
